To

The Chief Secretary to the
Govt of Mysore -

Sir,

With reference to
Government proceedings No 452
of the 13th January last, I
have the honor to state that
our Shekha Chekka Nadkair paid
in an application on the 31st
May last, to the Vice Pre-
sident, applying for per-
mission to build a house on
a piece of land belonging to
him - In reply, he has di-
rected that the Commissioner

to furnish certain information with regard to the land applied for. But the applicant failed to comply with the same. The said individual deviating from the right course, applied on the 26th August last to the then Amildar of Bangalore Jaha K, for permission to build a house on his garden land (Survey No 15) in the Cooparbully Village of the Halsur Hobly. The Amildar (Seetharamia) in submitting the application reported, that the land applied for was six Guntas in extent, forming Survey No 15 and solicited orders as to whether the permission may be granted; that as there was apparently nothing then to shew from the papers that the land in question was situated within the prohibited area referred to

Ismaelian order would not
have granted the permission.

3 A prohibitory notice
has been issued from the Mun.
nicipality to the defaulter
directing him to stop the
work.

4 No new buildings
appear to have been permitted
to be erected either opposite
or Dobbo path. I enclose, for
information, copy of Docket
No 1430 of the 28th January
last issued from this Office,
to the Vice President —

Adverting to this Office Memo No. 757 of 14th July 1887, forwarding for note and guidance, Government letter No. 2074/112 of the 7th Idem, prohibiting the construction of new houses in certain localities near the Palace, has the honor to request to be furnished with explanation of the circumstances under which one Seshachella Moodliar was allowed to build a house in the locality where the construction of new houses was prohibited by Government.

2. It is understood that Seshachella Moodliar first applied for permission to construct a building and that the matter was held in abeyance, pending the receipt of certain information which he was

them directed to furnish. It is to be highly regretted that the construction of the building was allowed by the Municipal Servants unchecked. though the Municipality was fully aware that Leshachella Moodliar's action was irregular Under such circumstances, it is clear that he was not justified in constructing the house without obtaining a license or furnishing the information required of him.

3. From facts since brought to notice, it is ascertained that the land in question is situated within the prohibited area. The Undersigned trusts that the Vice President will warn the several out-door officials to strictly watch and see that no buildings are allowed to be raised within the said limits hereafter. The plan received from Leshachella Moodliar with his original application should also be submitted for reference

been formally notified as above, I would request that they may be republished in the Gazette, with revised boundaries, and with the addition of the Golf ground &c., which may also be considered by Government to be reserved.

3. A revised notification will be duly submitted for publication, on receipt of orders.
